

## VFI CPR 3/3

Online Rack up to 20kVA  
Power Factor 0.9  
Parallel work  
Easy extendable Battery Pack

## VFI CPG 3/3

Online up to 200kVA  
Power Factor 0.9  
Parallel work  
Improved battery management  
Built-in backfeed protection

## VFI CPM 3/3

Online up to 300kVA  
Power Factor 1.0  
20kW and 30kW Modules  
Wide selection of cabinets  
Parallel work of cabinets

## About us

BlueWalker GmbH is a German company founded in 2004. Since then the company has established itself as a professional supplier of PowerWalker UPSs and developed a comprehensive distribution network throughout Europe.

With a portfolio of over 300 models BlueWalker offers the suitable solution for most UPS needs: from beginner-friendly systems for home environment to high-performance and high-power systems for industrial usage.

PowerWalker UPSs combine reliability and safety with energy efficiency, high connectivity and excellent price-performance.

"PowerWalker, Your Reliable Protection"
